

# Private Music Lessons for Piano or Voice Taught at BCA

BCA is strives to enhance our students' education. Many students desire training in music, but often find it difficult to arrange lessons after school. BCA is blessed to provide private lessons in Voice and Piano during the school day.

Mrs. Gail Solomon is returning to offer Voice and Piano lessons. She has been playing piano since age 10. She was a Music major at Lee University, and has been in the music ministry for many years, having served as minister of music, praise and worship leader, conference speaker, co-pastor with her husband and has recorded two worship CDs. The last CD included songs she personally wrote.

Mrs. Solomon will teach 30-minute lessons on Mondays at BCA, during school hours. Lessons will not be taught when the school is on holiday breaks (fall, Christmas, spring breaks) or on weather-related closures. **Times will be chosen, based on each student's afternoon academic schedule.**

Lesson payments are due by the first lesson of each month. The charge is \$85 each month, for 10 months (August through May). There is a one-time annual registration fee of \$20, which is due at the first lesson of each school year.

Students will need to purchase lesson books. However, the books will last a long time, so they do not need to buy them often, and the cost is very minimal.

Mrs. Solomon is accepting students from first through the eighth grades at BCA. If you have a student who is interested in signing up for lessons, please **contact Mrs. Solomon at 423-596-4015**. Please contact her for a complete list of music policies and to secure a spot for the 2021-2022 school year.

*Note:* She also teaches music lessons for high school students and adults at her home studio. Summer lessons are also available at her home.

**Please complete the information below and return this form to  
BCA's front office.**
